Printable Nail Art Step-by-Step Instructions:

Step 1 – Paint 2 coats of [Colorpops nail enamel polish No. 19, T-At-Tiffanys Frost](#). Allow to dry completely.

Step 2 – Apply a piece of lace to cover the entire nail. Airbrush spray white opaque paint on the nail in a circular motion while holding the last tightly against the nail.

Step 3 – Gently remove the lace to expose the background design.

Step 4 – Using a swirled cone-shaped airbrush template image (stencil), airbrush opaque Lavender accent to create a feature in the middle of the nail. Do NOT remove the template image.

Step 5 – With the same template image in place, airbrush an opaque Purple color on the upper top 1/3 of the image. Remove the template image.

Step 6 – Generously top coat the nail, but take care not to get the top coat on the cuticle areas.

Step 7 – Whilst the top coat is still wet, embellish various shaped rhinestones and microbeads on top of the swirled cone-shaped image.

Step 8 – Allow to dry completely.

Step 9 – Gently scrape away the excess airbrush paint off the client's cuticles with liquid soap and a baby toothbrush.

Step 10 – Gently dry fingers with a hand towel.
